“Trust is the foundation of any relationship”.

Lives Saved by the Eighth Amendment.

It's easy to overlook the positive effect of the Eighth Amendment. An independent report in 2016, *The 8th Amendment: Ireland's Life-Saving Provision* by actuary Brendan Lynch, estimates that at least 100,000 people are alive in Ireland today thanks to this constitutional provision. It gives people the time to think the decision through and choose life for their daughter or son.

Ireland's safety record for pregnant women: A report published by World Health Organisation, *Trends in Maternal Mortality: 1990 to 2015*, ranks Ireland as a world leader when it comes to safety for pregnant women. Globally, we have one of the lowest maternal mortality rates. Ireland's culture of life has served us well and is an inspiration to many other countries. We have shown it is possible to uphold the equal right to life of pregnant women unborn babies and still be a world leader in maternal healthcare.
